

November 2017

October training was a pleasure, **thank you to Rey Nacario** who came and taught our technicians about sensor operated flush valves and faucets and about TOTO's new technology of automatic generator; a hydropower turbine that charges the power supply during usage and eliminating the need for a battery replacement or consumption of external power for up to 10 years. **Mike and Jeannine won in the draw for hockey ticket** we received from TOTO and Jeannine generously gave her ticket to Mike. Don't forget to take some pictures...

We had a fun Halloween potluck in the office! And the second year in a row Mindi's creativity blow minds!! congrats Mindi, you won the best grape vine costume!

### Welcome aboard!

- Ali Hossien
- Amram Larviv
- Dylan Curran
- Henrick Cahapisan
- Ian Canning
- Keegan McCartney
- Kyle Madsen
- Matthew Mattson
- Patrick Gabriel
- Shawne McCorkell

This month we will be celebrating new pump trucks on the road. **Thank you Etsik** for all the hours you have put into this project!

Happy Birthday

Elena 11/09

Olga 11/10

**RRSP Plan**, those of you who have not yet join, don't miss this opportunity to start and save for your future's sake, start with as little as \$25 per paycheck and receive matching company contribution (up to \$500 for the first year).
